GEN. WU ASKS PROVINCES TO GIVE VIEWS ON REUNIFICATION

Reassembling Of Old Parliament Is Favored

CHEN ASKS AID

Canton Leader Wants Dr. Sun Yat-sen Eliminated

BY JOSEF W. HALL
Staff Correspondent the China Press

Paotingfu, May 15.—General Tsao Kun has circularised the Northern provinces with a telegram, presenting two methods whereby the country may be reunited. The first is the calling of a National Convention to solve all existing problems and the second is to reassemble the legal parliament. The message asks for expression of choice. Additional provinces, besides the eight already favoring the calling of the old Parliament, are pledging their support for the second method.

General Chen Chiung-ming, the Canton military leader, has sent an appeal to General Wu Pei-fu through the Tuchun of Kiangsi, General Chen Kwan-yuan, for aid to eliminate Dr. Sun Yat-sen as a political factor. The first approach towards an understanding with the Chihli Party that he has made greatly encourages the hope of General Wu Pei-fu for reunification.

It is believed that Paotingfu will give such aid as is practicable. Then if Chen becomes victorious in his clash with Sun, the Chihli Party will propose to him the terms of reunification on the basis of the reconvocation of the Old Parliament.

Evidence is growing that Old Hsu will cling to his office until he is forced to relinquish his post. Paotingfu has sent a comforting message to General Lu Yung-hsiang, who up to the present has not expressed any opinion on the reunification scheme.

General Wu Pei-fu still maintains the policy of allowing Chang Tso-lin to remain at Luanchow temporarily, believing that this encouragement to delay the return to Fengtien will tend to bring about Chang's downfall, because his own provinces must rely on the signatories of the treaties signed at Washington to protect Manchuria from Japanese agression.

(Eastern News Agency)

Tientsin, May 15.—It is reported in Chinese quarters that the Fengtien troops have now constructed strong trenches to the extent of 12 li with the district of Kaipin as the first line of battle and the district of Kuyeh as the second line of battle. They have also arrayed a row of field-guns, taking advantage of the high ground in the said district.

The district of Luanhsien has been made the third line of battle, and on the summit of the mountain, the Fengtien troops have also placed a number of big guns.

General Wu Chun-sheng, who has hitherto been Commander-in-Chief of the front line of battle, has now been appointed as Commander-in-Chief of the rearguard of the Fengtien troops. Though the battle-array of the Fengtien troops appears to be quite impregnable, it is not considered likely that they will come out victorious in the end.

According to a report published by the Chinese press here, on the morning of May 14, two aeroplanes, belonging to the Fengtien troops dropped five bombs in the camp of the Chihli troops stationed in Sanhotao west of Tangshan. The bombs failed to explode and one of the aeroplanes fell down to the ground only to be captured by the Chihli troops and the other took to flight to the camp of the Fengtien troops.

Peking, May 16.—In connection with the seemingly stupid recent revolt in Honan, an interesting report received from Chinese sources states that the Chihli leaders, suspecting that reports of their meetings were reaching the Honan leaders, Generals Chao Ti and Chao Chieh, who were known to sympathise with General Chang Tso-lin, called a conference after the fall of Changsintien and announced at the meeting that General Wu Pei-fu had been heavily defeated. Thereafter, they discussed the best means to ensure their own safety. Soon afterwards,

Y.W.C.A. Garden Party To Be Held On Friday

The National Committee of the Young Women's Christian Association and the Board of Directors of the Shanghai Y.W.C.A. will hold a garden party on the grounds of the Normal School of Hygiene and Physical Education at 37 Kinchow Road, on Friday at 4:30 o'clock. All those interested in physical education for Chinese girl students are invited to attend this garden party at which there will be a demonstration by the students of the work they have accomplished during the year. In case of rain, the party and program will be held in the gymnasium on the same day.

No More U. S. Mail To Arrive Before First Week In June

Following the arrival here yesterday of the steamer Pine Tree State of The Admiral Line from Seattle and the Nanking of The China Mail from San Francisco no other trans-Pacific passenger liners are scheduled to arrive here this month and it is probable that no more American mail will be received until the first week in June when no less than four liners will reach port. The Pine Tree State which brought 1,214 bags of mail and the Nanking, which brought 75 sacks both were somewhat ahead of schedule. Both will sail for Manila and Hongkong tomorrow.

The steamers arriving in the first week of June from America are the Wenatchee from Seattle on June 1, the Empress of Russia, from Vancouver, B. C. on June 3, the Hoosier State from San Francisco on June 4 and the Taiyo Maru from San Francisco on June 6.

The next steamers sailing for America are the Korea Maru, for San Francisco sailing tomorrow, the Empress of Asia, sailing for Vancouver, B.C. on Saturday and the Silver State, sailing for Seattle on May 21.

GREEK ACCUSED OF THREATENING PARTNER'S LIFE

Said He Would Shoot If She Left, Court Told

G. A. Loverdos, a Greek importer and exporter of 127 Szechuen Road is being held in custody as an outcome of disclosures made by the police at a hearing yesterday in the Mixed Court at which Loverdos was called to answer charges of having made threats to kill Mrs. N. Devins.

In the course of the hearing Inspector Reeves let it be known that a police inquiry was in progress in connection with the alleged disappearance of a Korean in 1918 and it was intimated by the officer that Loverdos may be an important character in this case.

Major Chauncey P. Holcomb prosecuted the threats to kill charge on behalf of Mrs. Devins and recited that Loverdos and Mrs. Devins had been in the import and export business together for four years under the firm name of Devins and Company at Hankow and at 127 Szechuen Road in Shanghai.

Business had been dull for some time, Major Holcomb said, and while Mrs. Devins was having tiffin in the Chocolate Shop on last Thursday she announced her intention of returning to the United States. It was then that Loverdos is alleged to have threatened to shoot her.

Mrs. Devins testified that she, a Mrs. Anderson and Loverdos had tiffin together at the Chocolate Shop.

"When I told him I was going to the United States he began raving and then threatened to shoot me. 'I'll put five bullet holes in you if you do,' he said. I became frightened and ran out of the place."

TELLS OF THREATS

Mrs. Devins said he had threatened her several times previously but it had always been in anger. This time, she said she was certain he meant what he said and she desired protection from him until she could sail on the Empress of Asia on Saturday.

Mr. L. K. Kentwell, representing Mr. Loverdos insinuated that the cause of the quarrel was not because she had announced her intention of going away, but for other reasons.

"I put it to you that it was merely a lover's quarrel," Mr. Kentwell said.

"Nothing of the kind," Mrs. Devins replied. "He claimed to be a lover of mine but I don't know why he did. He objected to my going out dancing with other people."

"Is it not a fact that you both had been drinking rather heavily that morning—that you had eight cocktails at the Astor House before tiffin?" Mr. Kentwell asked.

"No," Mrs. Devins asserted, "I had only three."

Mr. Kentwell then addressed the court assuming the responsibility for his client's good behavior and promising Mrs. Devins would

Dr. Koo, Honor Guest At Dinner, Lauded For His Brilliant Work As Envoy

Chinese And Foreign Guests Of General Ho And Special Commissioner Hsu Unite In Paying Tribute To Returned Diplomat

In honor of Dr. V. K. Wellington Koo, Chinese Minister to the Court of St. James, a dinner was tendered last night at the Bureau of Foreign Affairs by General Ho Feng-ling, Defense Commissioner of Shanghai and Sunkiang, and Mr. Hsu Yuan, Special Commissioner of Foreign Affairs for Kiangsu. Other guests were the members of the Consular Body, local officials and prominent Chinese merchants and educational leaders.

After a delightful dinner, Commissioner Hsu spoke of the distinguished service rendered by the guest of honor in America and Europe. He said in part:

"It gives me distinct privilege and pleasure to be given an opportunity to entertain Dr. Koo and other distinguished Chinese and foreign guests. Dr. Koo has been away from China for more than eight years. Not only has he carried out his duties in a most admirable manner, but he also echoed the genuine intelligent public opinion at home to the glory of our country.

"Not only our own people are high in their praise for the service rendered by him, but he has been extensively and enthusiastically respected and admired by all our friendly powers.

"Ever since China had diplomatic intercourse, it has been the desire of the Government to send the best representatives abroad. But seldom if ever in our diplomatic history, have we had a young diplomat who is so capable and well educated and who was called upon to shoulder such heavy responsibilities as Dr. Koo.

PRAISE FOR MR. KOO

"Word fails me to express my admiration for Minister Koo and I am sure the merituous accomplishments of our guest of honor are but forerunners of even greater achievements in the future."

The Chinese national air was played by the band of the Defense Commissioner when the health of Minister Koo was proposed.

In his response, Minister Koo expressed his high appreciation to the Defense Commissioner who was unable to attend on account of his indisposition and Commissioner Hsu for the magnificent way in which he was entertained and also to the gracious presence of the representatives of the friendly powers.

"It has been my pleasure to attend many gatherings of international nature during the past few years." Dr. Koo said in part, "but I can assure you that no one can surpass this one either in interest or in the amount of pleasure. From the point of view of century old history, this gathering together of representatives of many friendly powers is but a new experience.

"Eighty years ago, Shanghai was very little known and little noticed. Today, it has become not only the great commercial metropolis of the East, but has become a rapidly growing and important industrial centre. The growth and development of Shanghai in this comparatively short period symbolises and represents China's progress in international intercourse with foreign powers. When I contemplate this growth and development, I always think of the magnificent co-operation and friendly spirit which have made this progress possible.

"HAPPY OCCASION"

"So on a happy occasion like this, I could not find a more appropriate thought than to express my sincere appreciation for the friendly co-operation which the people of all the treaty powers are playing in helping us to build up Shanghai. It is my fervent wish that this spirit will continue and will advance not only the growth and development of Shanghai but also in common interest of world trade. I thank you for your indulgence."

Chev. G. de Rossi, Senior Consul, representing the local Consular Body, added the admiration of the foreign powers for Dr. Koo to what was said by the Special Commissioner of Foreign Affairs. He referred to the splendid career of the Chinese Minister to London and his work at Washington and Versailles. Taking up Dr. Koo's beautiful thought of international co-operation as exemplified in the port of Shanghai, the Italian Consul-General pointed out that the service rendered by Minister Koo to humanity has not only made Shanghai better known, but has made the entire Chinese Republic better known to the world.

Minister Koo then gracefully proposed the health of all the sovereigns and presidents represented at the gathering.

Among the guests present were Admiral Tsai Ting-kan, Tayoin Wang Keng-ting, Director F. M. Sah of the Shanghai Mint, Judge Loh of the Yamen of the Defense Commissioner, Magistrate Shen Pao-chang, Director C. P. Yin of the local railways, Magistrates Kwan and Nieh of the Mixed Courts, Dr. Huang Yen-pei, Mr. Shen Hsin-ching, Dr. T. H. Lee, Chev. S. K. Chen, Mr. N. T. Yang, Commander Kao of the Navy, Messrs. Chao Chuan, Y. C. Yang and Sun Chen-pei, secretaries of Minister Koo.

Mr. E. S. Cunningham, Mr. A. Casanova, Mr. N. Asil, Dr. J. L. Isler, Mr. Von Haute, Dr. F. Thiel, Mr. T. Funatsu, Baron C. E. Akerhielm, Mr. W. Daniels, Mr. C. F. Garstin, Mr. Hugo Hargel, Mr. L. R. Amoedo, Mr. G. D. de la Prade, Mr. G. H. Simms, Mr. A. W. Burkill, Mr. V. G. Lyman, Mr. C. N. Holwill, Mr. Julean Arnold, Mr. V. Grosse, Mr. T. F. Millard.

CHINESE FRIENDS SAY FAREWELL TO MR. BROOKE-SMITH

Former Chairman Of Municipal Council Guest Of Honor At Tiffin Party

Mr. Brooke-Smith was the guest of honor at a farewell tiffin party given at the Union Club yesterday by Messrs. Chu Pao-san and C. C. Nieh, the past and present Chairman of the Chinese Chambers of Commerce, Messrs. Chun Bing-him, Chang Nieh-yun and other Chinese friends. Among those present were Messrs. G. H. Stitt, H. G. Simms, E. F. Mackay, H. H. Girardet, C. W. Burkill, T. G. Drakeford, J. H. Little, G. L. Wilson, Fu Siao-en, Pan Ching-poo, Pan Tse-chuen, Chan Shut-kai, Lo Chak-sang, Wu Sha-shu, etc.

Speaking for Mr. Chu Pao-san and himself, Mr. Chang paid an eloquent tribute to Mr. Brooke-Smith and his achievements as Chairman of the Municipal Council and as head of the great firm of "Ewo."

Mr. Nieh described Mr. Brooke-Smith as a splendid type of the solid, straight-forward and upright British business-man—"the kind of man you can absolutely depend upon for fair-play and just dealing." He said that his contact with Mr. Brooke-Smith in recent years had made him better acquainted with and to appreciate the more the sterling business integrity and friendship of the British merchant.

Speaking of Mr. Brooke-Smith's work on the Municipal Council, Mr. Nieh said that the Chinese were greatly indebted to him for the conciliatory manner in which he had settled the rice trouble last year as well as other problems and difficulties in which the Chinese were affected.

Mr. Brooke-Smith, in reply, asked his Chinese friends to continue to give to Mr. H. G. Simms, his successor as Chairman on the Council, the same co-operation which they had given to him in dealing with municipal matters. He expressed a keen desire to see the re-unification of China accomplished at an early date, and assured them that, during his stay in England, he would do all in his power to advance the welfare of this country. The Foreign Powers, he added, have done their best at the Washington Conference to put China in a position to enable her to work out her own salvation, but the work of regeneration must be done by the Chinese people themselves.

Referring to trade in China, he said that although they had passed through their "seven lean years" and more, the prospects of a trade revival were still distant, but he hoped that when the "fat years," which the Good Book had promised, did come, they would come not merely with a silver "lining," but with a "blanket overcoat" of prosperity big enough to cover them all.

The Man From Malamute Goes To Europe

Robert W. Service and daughter

ROBERT W. Service, writer of virile poems of the "great outdoors," known as "the man from Malamute," has gone away again—to England and other parts of Europe. Summary Of Year's Work Given At Final Session Of American Woman's Club

A summary of the work accomplished by the American Woman's Club since the beginning of last fall was made in the reports of officers and department heads at a general meeting held yesterday in the Carlton Cafe. Mrs. F. J. Raven, who recently returned from an extended visit to Szechuen, was in the chair.

The first report to be heard was that of Mrs. Hollis Wilbur, chairman of the Literary Department. During the past year the club has heard twenty-one papers by its own members, besides a few by speakers outside the club. The subjects studied were the history, religion, and literature of China from the earliest dawn of Chinese history to the accession of the Han Dynasty in 250 A.D. Besides the fortnightly meetings, the department members went on several excursions and visited a number of noted art collections in Shanghai. Next Saturday from 10:00 a.m. to 6:00 p.m., a collection of Chinese paintings owned by Mr. Evan Morgan will be on display in the library of the Christian Literature Society for the benefit of club members and their families.

GARDEN PARTY MAY 27

Reporting for the Social Committee, Mrs. V. G. Lyman stated that the Annual Garden Party will be held on May twenty-seventh at the home of Mrs. Raven. Members who would prefer to contribute money instead of cakes are asked to send their checks to Mrs. James B. Macbeth, 170 Bubbling Well Road.

Mrs. J. T. Hammond of the Courtesies Committee reported that during the year the group paid 145 calls, wrote sixty letters of condolence and congratulation, and sent a number of floral gifts. Thirty new club babies received the welcome of the committee and two brides were given its wishes for happiness. On May twenty-second members of the committee will be hostesses at a tea to be held in Mrs. Hammond's home at 116 Weihaiwei Road, the guests to include the newly-elected Executive Board, the retiring Executive Board, past presidents of the club, new members of the Courtesies Committee, and non-members who have entertained the club during the year.

BAZAAR AT RITZ

The progress of the move to secure permanent headquarters for the club was described by Mrs. Gardner Crane, who stated that a large bazaar is to be held at the Ritz Cafe on October twenty-first and twenty-second. Funds to cover the initial expenditures will be secured by a raffle of a Chevrolet motor-car, 2,500 tickets for which will be placed on sale beginning today. Mrs. Crane expressed her thanks to Mr. Honigsberg for the generous terms upon which the car was secured.

In a carefully detailed report, Mrs. J. W. Nichols described the excellent record for community helpfulness achieved by the Social Service Committee. During the year the committee has held six meetings with speakers, given a monthly dance at the Navy Y. M. C. A., enrolled 205 new Red Cross members, paid 100 visits to needy foreign families, contributed $35 monthly towards the salary of an interpreter at the Foreign Women's Home, given $250 to the Moral Welfare Committee, and offered material assistance in twelve cases brought to their attention. For some it secured work and for others passage home, besides aiding in bringing about the adoption of a badly mistreated child. The committee also maintains a member on the board of the School for the Chinese Blind, which it frequently assists by the promotion of entertainments.

FINANCIAL STATEMENT

Mrs. Leroy Healy, the club treasurer, reported in detail the financial transactions of the club, the receipts for the year totalling $4,201.49, $1,886 of which was received in the form of dues. The largest gift made by the organisation consisted of $1,000 presented to the Shanghai American School.

Mrs. J. J. Brenneman of the Membership Committee announced that ninety-four new members had been admitted during the year.

During the coming year the Music Department will study a few selected operas and will later consider the subjects of Indian and negro music, according to the chairman, Mrs. M. P. Walker. Mrs. Walker commented on the rapid growth of the department and expressed the thanks of the members to Mrs. W. Sharp Bardarson for the use of her rooms.

Representing the Mothers' Department, which is the most recently organised division of the club, Mrs. Fred Van Buskirk stated the department had greatly increased in membership during the part few months.

MEETING THIS MORNING

The scope of the Department's programs has been broadened to include household decoration, food problems in the Orient and other topics of interest to housekeepers, whether mothers or not. The last meeting of the year will take place this morning in the Carlton Cafe, when Dr. Hiltner is to speak on the special care of children during the summer months.

The Kings' Daughters have requested the co-operation of the club in a bazaar for their Convalescent Home. Members willing to contribute jellies or jams are asked to communicate with Mrs. W. H. Lacey.

In her closing remarks, Mrs. Raven expressed her appreciation of the co-operation of the Executive Board and her hope that the club will devote itself more to the interests of the Chinese women.

OUTLOOK AT GENOA DARK, HOPES TURN TO THE HAGUE

U. S. Declination Puts New Crimp In Proceedings

SOVIETS, ISSUE

Lloyd George Says He Will Not Go To New Parley

(Reuter's Service)

London, May 16.—For the moment at all events sceptics and believers alike are inclined to chant the funeral oration of many of Genoa's hopes. Yesterday was a day alternating with courage and despair, with a distinct revival of optimism towards midnight, when M. Rakowsky stated, albeit with numerous reservations regarding the wisdom thereof, that Russia would go to the Hague. Simultaneously, the American Ambassador to Italy was credited with stating that he believed that the United States would participate. Indeed, it was widely reported that passages providing, firstly, for no separate agreements, and, secondly, that the commission was to report to the respective Governments instead of being empowered to take a final decision, had been inserted with a view to meeting the wishes of America and thereby also placating France, whose views on the Russian question largely coincide with those of America. Consequently, Washington's decision has created a despondency based on the belief that the Hague conference will be very unpromising if France should be hostile to it.

Nevertheless, there remain a dwindling few who trust in the Premier's ingenuity to find a way out of the difficulty.

(Reuter's Service)

Washington, May 16.—The State Department has declined the invitation to participate in the Hague Conference.

The statement, which was transmitted by the American Ambassador to Italy, says that the United States is not able to conclude that it can helpfully participate in the meeting at the Hague, as it would appear to be a continuance under a different nomenclature of the Genoa Conference and would be destined to encounter the same difficulties if the attitude disclosed in the Russian memorandum of May 11 remains unchanged.

Genoa, May 15.—The Russian note was delivered early this morning and intimated that the Russians were unable to agree to the idea of two separate commissions on Russia.

RUSSIAN STAND

The British delegation says that the Russians misunderstand the position and expects that the difficulties will be removed by explanations which will be forthcoming after the meeting of the political sub-commission today.

London, May 15.—The Allied plan which the political sub-commission will consider today and to which Russia objected, is to appoint two commissions of experts. One will be composed of European Powers which will meet at the Hague on June 15 in an attempt to reach a unanimous agreement regarding the memorandum to Russia.

The Powers will afterwards decide if they desire to be members of the other commission of experts which the Russians will be invited to join at the Hague on June 26.

All the Powers except Germany will be invited to be members of the first commission.

Genoa, May 15. Interviewed by Reuter's correspondent, Mr. Lloyd George said he was not going to The Hague. The Prime Minister agreed that the conference at The Hague would be a prolongation of that at Genoa, but would only deal with Russia and its work would be merely a preliminary exploring of the possibility of an agreement.

HOPES FOR TRUCE

The Russians would meet the other Powers after June 26 on a footing of absolute equality, but, Mr. Lloyd George added, if the Russians refused to participate "we have nothing more to say." All the Powers except Russia had accepted the truce, and, if an agreement with Russia were concluded he hoped that it would convert the truce into a permanent pact.

Genoa, May 15.—The political sub-commission has approved the memorandum to Russia drawn

up by the five convening Powers. The text confirms the summary cabled earlier regarding the separate commissions, abstention from propaganda and the invitation to the United States.

The proceedings of the sub-commission were short but lively. M. Barthou, protesting against M. Chicherin's letter of protest against the exclusion of the Russians from the first commission and the prohibition of Russia from signing separate treaties, said that the letter had been published before the sub-commission was made aware of it.

M. Barthou described M. Chicherin's letter as an attack on France. M. Jaspar assumed that Belgium had also been attacked. The incident ended by MM. Barthou and Jaspar declaring that if the Russians accepted the decisions of the sub-commission they would recommend their respective governments to adopt them also.

(China Press Service)

London, May 12.—It is semi-officially stated that the British delegates to the Genoa conference are expected home next week.

Wu Asks Provinces To Give Views On Reunification

(Continued from Page 1)

General Chao Chieh demonstrated hostilely against the Chihilites, but General Feng Yu-hsiang's forces were awaiting such a movement and immediately quelled the revolt. The report does not say what happened to the informer.

The Ching Pao reports that General Feng Yu-hsiang has shot General Pao Teh-chuan, the recently appointed Director of Military Affairs of Honan, on a charge of intriguing with Generals Chao Ti and Chao Chieh.

General Chang Tso-lin's only overt act in pursuance of his declaration of independence so far appears to be a notification to the Postal Commissioner at Mukden that all postal revenues must be handed to him. It is considered significant that General Chang signed the declaration as Commander-in-Chief of the Fengtien Army and not as President monarch. It is persistently reported that General Chang intends to establish a kingdom, although the Manchu restoration is not suspected.

Fighting occurred near Kuyeh on Sunday. A hundred wounded Chihili soldiers have since passed Chunliangcheng.

Tientsin, May 16.—General Feng Yu-hsiang's 11th Division passed Tientsin on its way to Tangshan today.

(Eastern News Agency)

Peking, May 16.—The state of affairs in the district of Luanchow has of late become so strained again that hostilities are expected to be opened before long between the Chihli and the Fengtien troops. In consequence, General Wu Pei-fu will, it is rumored, shortly hasten to Chunliangcheng. Military affairs of the Chihli troops in the district are being conducted by General Wang Cheng-pin. General Wu Pei-fu, however, is, it is reported, urging President Hsu to appoint General Wang Cheng-pin as Commander-in-Chief of the army of boundary defence.

Peking, May 16.—As the result of a recent Paotingfu Conference, it has been decided, as relief measures to (1) protect the position of President Hsu Shih-chang, (2) to approve the formation by Wang Shih-chen of a new Cabinet, and (3) either to reassemble the old Parliament or to hold a conference of national affairs as preparatory measures of the unification of the North and South.

Peking, May 16.—A report published by a Chinese newspaper here states that Tsao Kun is alleged to have addressed a telegram to the Central Government on May 14 as follows:

"Should Chang Tso-lin secure the independence of the Three Eastern Provinces, it cannot be certain that he will not enter into a secret understanding with foreign Powers. It is therefore imperative for the Government to clearly declare to the Diplomatic Corps to the effect that even if any one foreign country should conclude such an agreement with Chang Tso-lin as to encroach upon the territories and integrity of China, the Central Government would never recognise such an agreement."

JOE SUPPLANTS FRANK, CARLTON TOES TWINKLE ON

Big Crowd Turns Out To Welcome New Orchestra

The galloping gospel of Jazz admits of no hiatus. There must be continuity, an unbroken aurista—allow us to counterfeit the word—of urgent terpsichorean accompaniment for the devotees of dance. And Encore! is the password of the clan.

With these things in mind the Carlton Cafe management set about the selection of successors to the band of agitators who have for lo these many months given joyous impetus to the pedal accessories of social Shanghai. Under the able pilotage of Mr. Frank Baron, those ambidextrous manipulators of the instruments of syncopated calesthenics have long been a source of agitated inspiration to our nether structure. And so firm a place have they preempted in the affections of the fox-trot fans et al. that when the time for their departure impended there was gloom among the ranks of the devotees aforesaid.

This is in the nature of reassuring tidings for the devotees. There will be no hiatus. There will be continuity in the sibilant, saxophonic strains which urge the jewel-studded slipper and the supple, in a manner of speaking, pump around the Carlton floor. The successors have arrived—and have demonstrated their ability to uphold the precepts and requirements of the order.

The new Carlton band was officially inaugurated last night, with a capacity Carlton crowd present for the ceremony. They appear under the leadership of a former Shanghai acquaintance who was greeted with acclaim by trippers of the agglomerate present day dance program, Mr. Joe J. Aronson, who was well-known to local hop-scotchers a season or so agone, has returned to preside over the musical evenings which will feature the current Carlton calendar. He brings with him a capitivating corps of assistants and his initial program was one which replied to all the requirements, with a postscript added.

Saxophony is one of the vital elements of 1922 jazz, and the element is adequately supplied. So are the piano, trombone, drums, bass, violin. The new aggregation adds a marimbaphone for good measure and—for the first time here—introduces the double piano effect, which is adjectively effective.

Tomorrow night the devotees hereinbefore mentioned will have opportunity to vociferate the time-frazzled but appropriate Ave-Vale "The King departs, long live the King" which translated into Shanghaiese will run "So-long, and Good Luck Frank, Hello, and Good Luck, Joe." The occasion being the simultaneous appearance of both the passing and the arriving Carlton bands for the delectation of the evening attendance.

All of which leads up to the introduction, Jazzomaniacs, of the new Carlton Orchestra, Jazzers, shake a foot with:

Mr. J. J. Aronson, saxophonist and clarionettist.
Mr. W. S. Chambers, marimbaphonist and pianist.
Mr. C. A. Linzer, pianist.
Mr. Lynn C. Sherman, saxophonist.
Mr. Guy Risher, violinist and trombonist.
Mr. Claude Tucker, drummer.
Mr. C. Andica, bass viol artist.

Hongkong Strike Leader Deported

(Reuter Pacific Service)

Hongkong, May 16.—Chan Ping-sang, ex-President of the Seamen's Union, has been banished by order of the Hongkong Government.

The Canton Times in an editorial article on Chan's arrest says:

"If there is a wrong way of doing things the Hongkong authorities are bound to find it. The latest stupidity of Hongkong officialdom is the arrest and detention of the ex-President of the Seamen's Union.

"By Order-in-Council the Governor of Hongkong can have anyone deported from the colony without offering any explanation or justification. His power is absolute and indisputable. As Chan Ping-sang has been declared an 'undesirable,' this Order-in-Council can be brought into play.

"However, the laborers are convinced that Chan Ping-sang is being persecuted because of his leadership of the Seamen's strike."

WANT MEI NAMED

(Chung Mei Service)

Peking, May 12.—Mr. Chang Weng and others have called upon President Hsu Shih-chang to appoint Mr. Mei Chen-pao the new Tartar General of Jehol. The former Tartar General, Chien Ching-hsu, has never returned to his post, and the troops stationed in the area have been without a commander and are making much trouble. Mr. Mei Chen-pao was the former Chief of the General Staff of the Yichun army.

Washington, May 16.—The Supreme Court has decided that liquors in transit across the United States from one foreign port to another are liable to seizure under the prohibition law.

PRINCE OF WALES

(Reuter's Service)

London, May 16.—In a leading article on Anglo-Japanese relations, with special relation to the Prince of Wales' visit, the Daily Telegraph says that if the Prince's visit has placed the traditional friendship of the two nations on a new basis, containing the elements of permanence, that is a development which will be a source of gratification to the people of Britain.

England Asks U. S., Italy And France To Intervene

(China Press Service)

London, May 15.—It was announced that the House of Commons of Great Britain has asked the co-operation of the United States, France and Italy be secured to investigate and end the Turkish atrocities against Christians in Asia Minor, which have been reported by American relief workers.

London, May 15.—The Daily Telegraph's correspondent says that a veritable extermination of Christians has been going on in Asia Minor.

(Reuter Service)

London, May 15.—At question time in the House of Commons today, Mr. Austen Chamberlin said that the report that the Turks had murdered 10,000 Greeks in Asia Minor was confirmed. The Government could not allow to remain uninvestigated the appalling reports of barbarity.

In Angora the Turks were systematically trying to exterminate the Christian minorities for whose protection the Government, in the proposed terms of peace, had assumed responsibility.

Lord Curzon, Mr. Chamberlain said, was requesting France, Italy and America to co-operate with Great Britain. It was proposed that each Power should send an officer to Asia Minor to investigate.

If the Angora Government refused permission, the Government would have to reconsider its attitude towards the peace proposals.

Court Decision Relieves Traders

(Reuter Service)

Washington, May 16.—General relief is felt in trade circles in consequence of a decision by the Supreme Court, namely, one ruling out the section recently enacted in the Futures Trading Law, imposing a tax of twenty cents a bushel on speculative dealings in futures.

The Supreme Court has also ruled out the Child Labor Law, which taxes the profits of concerns employing child labor.

Famine Is Not Yet Over; Relief Need Greater Than Ever

(Reuter's Service)

London, May 15.—Official Soviet sources in London gloomily deny the correctness of the Moscow official telegram stating that the worst famine crisis in the Volga district was passed on April 15 and declare that the need for British and American assistance is now greater than ever.

Millions are being fed on starvation rations, while 3,500,000 persons are bereft of the necessaries of life. The interpretation to be placed on the earlier message is that famine aid reached the highest level on April 15.

Washington, May 15.—Senator Borah introduced a resolution to recognise Soviet Russia. The resolution was laid on the table.

Denies Sale To Standard Oil Co.

(Reuter's Service)

Stockholm, May 15.—Interviewed with regard to the report that the Standard Oil Company had become equal owners with the Nobel interests in the Nobel Russian oil properties, Mr. Emanuel Nobel denied that his company had sold a single share to the Standard Oil Company. The deal mentioned is probably between the Bolsheviks and the Standard Oil.

POINCARE RE-ELECTED

REEVES TESTIFIES

Inspector Reeves then took the stand and explained that the police were not satisfied with having Loverdos at liberty on such bond or on bail.

"Mr. Loverdos has been away from Shanghai for some time," Inspector Reeves explained, "and the police desire to make an investigation into the circumstances surrounding the disappearance of a Korean."

It is said that the Korean accompanied Loverdos and Mrs. Devins on a business trip to Chang-chun in January, 1918, and that he has not been heard of or seen since.

ELLOWS DENIES ORGERY CHARGE; CASE CONTINUED

lice Officer's Son Avers t Was His Own Name He Signed To Check

Thomas Mellows, son of Inspector omas Mellows of the River lice, denied yesterday in the itish Police Court that he had rged his father's name to a eck in payment of a board l and asserted that he had awn the check to his own order aning to provide funds to cover As he said he could produce a dy who would testify and prove hat he alleged, the hearing of the arge was postponed until today Magistrate King.

Kalick Thomasevitch, the pro- ietor of the boarding house in ange Road, recalled, said that e amount that the accused reed to pay was $145 per onth for board and lodging, 5 for the two rooms he occupi- l, and $80 for board. He went veral times with the accused to e his father, but the latter ver spoke to witness. He new of no arrangement under hich Inspector Mellows guar- nteed to pay the amount. The ccused told him that his father ould be responsible for all debts ncurred. The amount of $160 as correct and was arrived at fter crediting $50 received from nspector Mellows.

The accused said that he wish- d to make a statement, he denied he charge of forgery. He said he check was made out to him- elf and signed by himself. He ad three ways of signing his ame: "Thomas Edward Mel- ows," "T. A. Mellows," and "T. Mellows." If he desired to forge he check he would have imitated his father's signature and it would have been issued on the bank with which Inspector Mel- lows had an account.

The reason for giving the com- plainant the check, he said, was to keep him quiet until the next day when he arranged to get money. He was afraid that if he did not do something, and give the boarding house keeper a check there would be a scandal.

Opium Den Operators Draw Jail Sentences

Operators of opium dens fared ill at the Mixed Court yester- day, prison sentences being im- posed in three cases.

A shop assistant convicted of running a den at 709 Fokien Road was sentenced to two months in jail by Assessor Tenney and Magistrate Kwan and another man charged with assisting in the operation of the place was sentenced to one month. Of seven smokers arrest- ed in the raid two paid fines of $3 each and the rest forfeited $10 each by not appearing. The keeper of a den at 44 Pakhoi Road was sentenced to one month's imprisonment and the proprietor of an establishment at 285 Foochow Road received a similar penalty. Eleven smokers arrested in the two places paid $3 each and four forfeited their bail by non-appearance.

Picturesque Ball- Concert Plan For Russ Army Union

A unique and picturesque con- cert ball for the benefit of the Union of Russian Army and Navy men will be given at the Cercle Sportif Francais on May 26, com- mencing at 9 p.m., when the Russian and Gypsy chorus, under the manage- ment of Mr. Kambaroff will be heard. Madame Roulitchey- skaya's ballet will appear and solo numbers will be rendered by Madame Koraloff, Madame Zviagin and Messrs. Kambaroff and Schoumsky. A program of dances will be given, too.

The ballroom will be con- verted into a Russian village, with Russian peasant huts— "isba"—and Oriental and flower pavillions, as extra picturesque touches. The decoration is under the supervision of Mr. Urvant- zoff.

The proceeds of the concert and ball will be devoted to the Union, which is a charitable organisation to aid needy members, almost all of whom took part in the Great War. Several of the members have been unable to find work and are in need of assistance. The Union provides a home and food for the poorest of its mem- ers.

Cabinet Makers' Strike Is Ended

Receding from demands they had made for increased wages, the fifteen hundred cabinet mak- ers who had struck resumed work yesterday. The strike developed about ten days ago when about five hundred Shanghai workers walked out. On Monday they were joined by Ningpo workers who had remained at work through the first week of the strike. Yesterday an adjustment of the dispute was reached by which minor concessions were granted by the employers.

Chang Chow, Chinese tailor, summoned Thomas Freeman in the British Supreme Court yesterday before Judge Peter Grain to recover the sum of $60.50 for silk shirts and collars that were made for the defendant. The defendant's contention was that the silk shirts that the tailor had brought back were not made from the same material that he had supplied him, although the collars were. When the shirts and collars were delivered he had protested and when the defendant said he would deduct the difference in the two values the tailor became boisterous. The tailor maintained that the silk used in the making of the shirt was of the same quality as that supplied. The hearing was adjourned till Friday.

G. BRITAIN MAY PRESS PEKING ON LOAN DEFAULTS

M. P. Wants Representations Made To New Regime

(Reuter's Service)

London, May 15.—In the House of Commons today replying to Sir J. D. Rees, Mr. Cecil Harmsworth said that the committee on education of Chinese on British lines was appointed because the British community in China and well-informed opinion in England believed the question to be of considerable importance. Until the committee reported it would be premature to discuss the question of expenditure. Sir J. D. Rees pointed out that the tax-payers and ratepayers of Britain are finding £103,000,000 this year for education. He asked if they were not entitled to any little thing that might help them to meet this burden.

Mr. Gershom Stewart pointed out that the Americans had invested a great deal of money in educating the Chinese and if we did the same it would very much help British trade and interests. Mr. Harmsworth replied that he was aware that the Americans had spent large sums on education in China and they considered them very well spent indeed.

Mr. Josiah Wedgwood suggested that in view of the change of government in China, the Government should renew the representations regarding the default in the Vickers and Marconi loan issues and also concerning the grounds on which additional security for these loans was refused. Mr. Harmsworth promised that the Minister at Peking would continue to press for the interest due.

EMBEZZLER SENT TO PRISON FOR FIVE YEAR TERM

The accountant charged with embezzling Tls. 17,000 worth of bullion from the Tai Hong Yuen Gold Shop who claimed Spanish protection when brought to trial in the Mixed Court was sentenced to five years' imprisonment by Assessor Tenney and Magistrate Kwan yesterday. The court ruled that a motion for reduction of sentence would be entertained if the sum embezzled is refunded.

Mr. L. K. Kentwell, appearing for the accused, said that his client had been gambling on the stock exchange and had lost a considerable sum of money, stealing from his employers on this account. Mr. W. S. Fleming, appearing for the shop, declared that the man's losses did not exceed $3,000 and since he had stolen about 500 ounces of gold he must still be in control of a considerable portion of it. The accountant received a salary of $22 a month. After the embezzlement he registered at the Spanish Consulate, according to the testimony, and wrote a letter to his employers stating that he had taken the money and that he was going to commit suicide.

OSAKA PLANS A STADIUM FOR 1923 OLYMPICS

One of the largest athletic stadiums in the Orient, if not the largest, will be built in Osaka, the city having been selected as the next place for the Oriental Olympic Games at the meet in Shanghai last year.

With a view to acquiring a large athletic ground preparatory to holding the matches in the spring of 1923, the municipal authorities and leading citizens have selected the open field near the Osaka Harbor Ground. Approximately ¥300,000 will be spent on construction work, which will include two large reinforced concrete stands and open spaces enough to accommodate 70,000 spectators.

WILL LEASE GROUND

Athletes representing the Philippine Islands, China, Korea and Japan will take part in the games competing for laurels in the various track, field and other matches. According to the plans made public by the municipal authorities in Osaka a few days ago, the city has decided to lease some 11,780 tsubo of land of the newly reclaimed ground near the Osaka Harbor from the Ujigawa Land Company for 20 years. The city will also lease temporarily some 10,200 tsubo of adjacent land from the same firm until the Oriental Olympic games are over.

The track, which will be egg shape, will be laid out in the center of the ground and will be 400 meters in circumference; its promenade will be from 8 to 10 meters wide. Upon entering the ground spectators will find a large concrete stand capable of accommodating some 75,000 spectators, and another stand which will be erected on the opposite side will be large enough to hold some 25,000 spectators.

TO HAVE TURF TRACK

It is the intention of the authorities to have the field within the track covered with turf and provisions will be made for holding contests in baseball, basketball, volleyball, football, tennis and various other games there. All the spaces around the track will be used to accommodate spectators, primarily school children, numbering some 40,000 persons.

The offices for the athletic committee, the rooms and lockers for the players, bath rooms, dining rooms, several other rooms for the committee and the players and some shops will be erected beneath the two main stands. Swimming contests will be held in the tank in front of the first main stand. Its size will be 100 meters longs, 10 meters wide and eight meters deep, being embedded with soft sand.

Cricket Scores

(Reuter Service)

London, May 15.—At Dudley, Yorkshire beat Worcestershire by an innings and 220 runs. Fo. Yorkshire Oldroyd made 121 and Roy Kilner 117. Rhodes took 5 wickets for 24.

At Northampton, Derbyshire beat Northamptonshire by 2 wickets. C. N. Woolley was taken ill in Northants' second innings and could not bat.

At Nottingham, Notts beat Glamorgan by an innings and 205 runs. For Notts John Gunn scored 110 and Payton 106. In Glamorgan's second innings Richmond took 6 wickets for 22.

At Bristol, Gloucestershire beat Sussex by ten wickets. In Sussex's first innings Parker took 7 wickets for 27 and in the second Bennett took 7 for 68.

Play For Monthly Cup On Saturday

The May monthly cup of the Shanghai Golf Club will be played for at Kiangwan on Saturday and Sunday, May 20 and 21. The conditions will be 18 holes medal play under club handicaps. The winner will qualify for the Captain's Cup.

Offers $200,000 For Dempsey-Wills Go

William A. Brady.

William A. Brady, theatrical producer, is trying to arrange a match between Jack Dempsey and Harry Wills, the big negro boxer, for the heavyweight championship of the world.

Brady, many years ago a leading sport promoter, is willing to pay $200,000 for such a match, to be held in the United States next July 4. The purse would be split 75-25, with Dempsey on the big end, making his share $150,000.

Brady said he was willing to sign contracts and deposit a sum of money to show good faith in entering negotiations with the fighters if they would do likewise.

WILHOIT AND HOAG STAR FOR TIENTSIN "CITS"

(Special To The China Press)

Tientsin, May 14.—Cy Wilhoit and Hoag, the former a long-time captain of baseball and football in Shanghai, and the latter one of the younger backstops of the Shanghai Club, worked for the Civilian team here yesterday in the first big game played this season. The Fifteenth Infantry nine won out after a struggle, by the score of 4-2, but it was not Wilhoit's nor Hoag's fault that their team lost its opening game.

Wilhoit played at short for the Civvies, and he played well handling five chances without error. He sacrified at his first time at bat, fanned next, and went out on infield hits the next two tries. Hoag held the pitcher up in such style as to elicit comment from the crowd. He caught the only two Infantrymen that tried a steal, with Cy on the receiving end of the throw. Hoag also singled three out of four times at bat driving in one of his team's runs.

The score follows:

Hoped-For Game, Shanghai Vs Huron, Falls Through

Gallop To Leave For North; Expects To Date 15th And Marine Teams

The baseball game with the nine off the flagship Huron which it was expected would be staged this afternoon will not be played due to the fact that the warship has not come up the river. The men from the vessel are allowed shore leave in two parties each day, and while the ship's baseball squad might be included in one of today's parties, the usual holiday which accompanies ship's games could not be granted so the proposed game was abandoned. The Huron however is expected to return to Shanghai soon when a good series will be arranged. It is also promised that the flagship will be here for the big cup game on the Fourth of July to try once more to take the trophy aboard-ship.

Games this week-end have the local management somewhat worried. There is always the resource to Reds-Blues contests, but the players and the fans are hoping for something better. It is possible that an effort will be made to sign up a game with the team from the Japanese Tungwen college for Saturday, and then for the team to go to Nanyang on Sunday to meet Director Hirsh's nine. If the American School can be gotten also for Saturday there is a good chance for a double header.

Manager Herbert Gallop of the Shanghai baseball team is leaving for the North today on business hopes to make arrangements with the 15th United States Infantry at Tientsin and the U. S. Legation Guard at Peking for a series of games here later in the season.

At Peking, Captain McL. Lott, who brought the American football team of marines here last Fall, is looking after the Legation Guard nine and is anticipating a trip to Shanghai. Nothing has been heard from the 15th Infantry but it is expected that the doughboys will be seen in action here. While Gallop is away, Secretary Jack Smith will look after his office.

Yangtsze And Far Eastern Insurance Companies Hold Meetings Of Shareholders

Annual meetings of the shareholders of The Far Eastern Insurance Company, Ltd. and the Yangtsze Insurance Association Ltd. were held yesterday at the offices of the companies at the Yangtsze Insurance Building.

Addresses covering general reports of the two companies given by the presiding officers at the meetings and the resolutions adopted after each of the meetings follow:

THE FIRST MEETING

At the meeting of the Far Eastern Insurance Company, Ltd. the address of the Chairman was as follows:

"Gentlemen: Before proceeding with the official business of the Meeting it is my sad duty to refer to the death of our friend and colleague Mr. Edward Isaac Ezra who died very suddenly on December 15 last. Mr. Ezra was Chairman of this company from the date of its inception until his death. He always took a keen interest in the Company's welfare and his loss is greatly regretted by his co-Directors.

"The report and accounts to December 31, 1921 have been in your hands for some days and, with your permission, we will take them as read.

"The working account for 1921 and former years shows a balance at credit of Tls. 238,-099.62. There are considerable liabilities outstanding on 1920 account and your directors recommend that this balance be carried forward.

"The working account for 1921 shows an increase in net premium income from Tls. 676,147.02 in 1920 to Tls. 1,033,586.40. The revenue from Interest, etc., amounts to Tls. 102,533.11 as compared with Tls. 74,931.34. Claims paid amount to Tls. 582,162.48 against Tls. 252,166.96. The ratio of losses to Premium income is very much higher than in any previous year of the Company's existence. There is also a large increase in commissions and charges, due principally to the growth of our fire business in which higher commissions are paid than in Marine business.

"The expansion in our figures is due to a pooling agreement with the Yangtsze Insurance Association, Ltd. which came into force as from January 1, 1921. This agreement was proposed by the association in the anticipation that they would acquire during 1921 a large majority of the shares of The Far Eastern Insurance Co., Ltd. in exchange for a similar number of shares of the association plus a cash payment of Tls. 5 per share. This anticipation was realised and the Association is now the registered holder of more than 90 percent of the shares of this company. The effect of this pooling agreement is that each company participates in all the risks underwritten by either Company and the necessity for cumbersome reinsurance arrangements is dispensed with.

"The balance at credit of 1921 Account is Tls. 446,175.79.

"Your directors recommend a dividend of 6 percent be paid, absorbing Tls. 43,200 and that the remaining Tls. 402,975.79 be carried forward.

"Investments have been valued at their market value as at December 31, 1921 and the rates of exchange current at that date have been taken for the conversion of other currencies into sterling.

"Turning to the balance sheet you will notice that our total assets have increased by about Tls. 13,000 to Tls. 1,466,582.16. Sundry Debtors stand at Tls. 431,931.15 as against Tls. 147,-868.62. Our principal Debtor is the Yangtsze Insurance Association, Ltd. which by reason of the operation of the pool agreement owed us on balance at the close of the year rather less than Tls. 400,000. At first sight it would appear that this balance calls for an adjustment in cash. This figure however represents no more than the Far Eastern's fair proportion of the balances owing by the Agencies of the Association. A moderate sum by way of interest may be found to be due by the Association to the company and this matter is receiving the attention of our auditors.

"As you are aware business generally remains in a depressed condition with the inevitable result that insurances losses are heavy. So long as this state of affairs continues, we must aim to husband our resources so that we shall be able to participate adequately when business improves and underwriting is more likely to result in a profit.

"Before proposing the adoption of the report and accounts I shall be glad to answer any questions in connection therewith to the best of my ability."

THE RESOLUTIONS

The following resolutions were adopted:

"(1) I now propose and Mr. V. Meyer seconds: That the report of the directors and statement of accounts for the twelve months ended 31st December, 1921, as presented, be accepted and passed.

"(2) I now propose and Mr. V. Meyer seconds: That a dividend at the rate of six percent, being one tael and twenty cents per share, on the paid up capital of the company, be declared payable on and after 17th May, 1922, at the Hongkong and Shanghai Banking Corporation or the Russo-Asiatic Bank, Shanghai, to shareholders on record on 6th May, 1922.

"(3) It is proposed by Mr. John Prentice and seconded by Mr. T. A. Clark: That Messrs. E. T. Byrne, H. E. Arnhold, J. Harold Dollar, Meyer, Count L. Jegierski, H. M. Tibbey, P. H. Nye be re-elected directors to serve until the next ordinary general meeting of shareholders.

"(4) I now propose and Mr. H. M. Tibbey seconds: That Messrs. G. H. and N. Thomson be re-elected auditors to serve until the next ordinary general meeting of shareholders and that their remuneration be Taels 300 per annum.

"This is all the business of the Meeting, Gentlemen. Dividend Warrants will be posted this evening."

SECOND MEETING

The chairman's address at the following meeting of The Yangtsze Insurance Association follows:

"Gentlemen: As it is past the hour for which this meeting was called and there being a quorum present I will call upon the General Manager to read the notice calling the meeting and also the auditors' report.

"The report and accounts to 31st December last have been in your hands for some days and we will, with your approval, take them as read.

"I will deal with those matters which appear to call for comment in the order in which they appear in the report.

"Working account 1920 and former years. This account shows a balance at credit of $2,653,879.56 and the directors recommend that the whole of this amount be carried forward. It should prove amply sufficient to liquidate our outstanding liabilities on past years' accounts.

"Working account 1921.—Our net premium income is $3,534,-304.42 as against $4,301,428.01 in 1920. The actual decrease is however not so large as would appear. In the anticipation that the offer, made last year to shareholders of The Far Eastern Insurance Company, Ltd. to exchange their shares for shares of the association would be accepted by a large majority of the shareholders, the business of the two companies is now pooled, under an agreement which came into force as from 1st January, 1921. The result of the institution of this Pooling Agreement, which automatically gives each company a share of all the risks written by either Company thereby eliminating the necessity of cumbersome reinsurance arrangements has been to decrease the net premium of the association and to increase that of the Far Eastern Company. As the association owns more than 90 percent of the shares of the Far Eastern Company no actual loss of revenue is involved to the Association. The net premium incomes of the association and the Far Eastern Company in 1920 were respectively $4,301,428.01 and $926,228.79 (Tls. 676,147.02 at ex. 73) totalling $5,227,656.80 whereas in 1921 the corresponding figures were $3,534,304.42 and $1,415,871.78 (Tls. 1,033,586.40 at ex. 73) totalling $4,950,176.20. The aggregate net premium income of the two companies in 1921 is thus $277,480.60 less than in 1920.

"Our revenue from interest dividends and rents, $597,020, is practically the same as in the previous year.

"On the other side of this account, net claims paid amount to $1,865,820.45. This is a very heavy first year's settlement and the percentage to premium income is much above the average of recent years. Commissions and charges which are this year shown separately amount to $806,302.33 as against $604,485.49 last year. Commissions are higher by reason of the increase in our fire business which involves a higher rate of commission than marine business. The increase in charges is due principally to the fall in exchange. The balance at credit of Working Account is $1,814,421.55.

"The directors recommend that a dividend of 20 percent be paid out of the balance of this account, and if you adopt this proposal there will be a balance of $1,515,721.55 to carry forward.

"The rates of exchange ruling at December 31, 1921 have been adopted for the conversation of our gold investments and funds into silver. Investments have been valued at their market value as at December 31, 1921. Our Investments show a substantial advance in value since December 31, 1920.

"You have already been informed of our amalgamation of interests with The Far Eastern Insurance Company, Ltd. The association is now the registered holder of 33,685 Shares (out of a total issue of 36,000 Shares) of the Far Eastern Insurance Company, Ltd. and 29,350 shares of the association have been issued to Shareholders of the Far Eastern Insurance Company, Ltd. The apparent discrepancy is explained by the fact that the Association was itself a shareholder in the company prior to making an offer for the acquisition of the company's shares and no shares have been issued in exchange for the shares so held. The paid up capital of the association is now $1,493,500 represented by 149,350 shares fully paid up. It is not anticipated that any further shares of the Far Eastern Company will now be offered to the association for exchange and in any case the offer to the company's shareholders is no longer open. Of the shares authorised to be issued to "Far Eastern" Shareholders but not so issued the directors now propose to ask your authority to issue 650 shares as they may determine in order to bring the paid up Capital of the association to a round figure of $1,500,-000. I am proposing a resolution to this effect later on during the meeting.

"Balance sheet. The shares of the Far Eastern Insurance Company, Ltd., acquired by the association stand in our books at their par value and the item of $304,308.20 appearing in the balance sheet under the heading of 'Premium on 28,850 shares exchanged for shares of the Far Eastern Insurance Company Ltd.' represents the difference between the par values of the respective Shares less the cash payment of Tls. 5.00 per share. 500 further shares have been exchanged since December 31, 1921 and the actual amount now standing to the

The most beautiful women
The most gorgeous gowns
The most elaborate settings

A Paramount-Artcraft Picture

Who shall know the workings of a woman's heart?

Who shall fathom the dreams of a young girl as she first looks out on Life,

"Standing with reluctant feet,
Where the brook and river meet,
Womanhood and Childhood fleet."

She starts fortified by all the beneficent attributes—YOUTH—BEAUTY—MODESTY—TRUTH and GOOD CONSCIENCE; but near her are AMBITION and PRIDE beckoning her on; PASSION with pleasant exterior; VICE in attractive form; WEALTH ready to smooth all paths; while LOVE, COMPASSION and DEVOTION seem but dull company.

EVERYWOMAN must chose which of these shall be her Companions.

BEAUTY cannot flirt with DISSIPATION, nor abide with PASSION; YOUTH cannot sport with VICE; TRUTH will be estranged by AMBITION; and CONSCIENCE be stilled by PRIDE.

Only INFINITE LOVE—PERFECT DEVOTION—DIVINE COMPASSION will cleave through all vicissitudes, ready in the hour of direst need to rally round her; when NOBODY cares.

EVERYWOMAN meets these characters daily.

They bear ordinary normal names, but she knows to which group each belongs, whether they are a force for Good or for Evil, whether they should enter the inner circle of her Friends, or be passed by and forgotten.

Will she pursue AMBITION? Consort with VANITY and PRIDE? Indulge in DISSIPATION and VICE?

Or, in the path of Simple Standards and quiet Modest Ways be content to live her life in Companionship with Womanly Virtues, believing that if she pursue TRUTH alone, then LOVE, which she so earnestly desires, will be her sure REWARD?

DOROTHY GISH
in
"NUGGET NELL"
A Paramount Picture

Victoria Theatre

On Wednesday and Thursday, May 17th and 18th

"NUGGET NELL"

Nellie was lady. She didn't give a darn who knew it! And if clothes could help, she was out to get 'em with a gun.

But after a succession of startling hold-ups (and take-offs) that will make your eyes pop; after nifty Nell has saved the old stage coach and the young hero, and "licked" an army of bloody bandits, and everything; and after you have laughed yourself hoarse at this yip-yowling burlesque travesty on the Wild and Movie West—you'll say that Dorothy Gish is the funniest of she-heros that ever captured a man.

A roaring burlesque travesty on the Wild and Movie West, with the screen's funniest comedienne. Don't miss them!

Yangtsze And Far Eastern Insurance Co.'s Hold Meeting

(Continued from Page 6)

redit of premium on shares A/C $309,582.17.

"As the result of the fall in exchange during 1921 and the appreciation of various investments there has been an accretion to investment and exchange fluctuation A/C of $1,041,731.09.

"Out of these two items the directors propose, with your approval, to create a sterling reinsurance fund of £100,000 which at current exchange as at December 31, 1921, will absorb $801,871.03 and to leave the balance at credit of Investment and Exchange Fluctuation A/C. A considerable portion of our business is transacted in gold and a considerable portion of our assets is invested in Gold Securities. We have considerable gold liabilities but up to the present all our liabilities have been stated in silver. Our figures are therefore much affected by a rise or fall in exchange. If our gold and silver assets could be balanced by corresponding gold and silver liabilities we would be independent of exchange fluctuations. The creation of Sterling Reinsurance Fund will be a step in this direction and our gold assets will be independent of exchange fluctuation to the extent of the amount placed to Sterling Reinsurance Fund.

"If you adopt the proposal to this effect, which will be placed before you later, the balance remaining to the credit of Investment and Exchange Fluctuation A/C will be as stated in the Report $544,168.26. It will actually be somewhat more as the Premium on the 500 Shares issued since December 31, 1921 to which I have already referred will be utilised in the creation of the Sterling Reinsurance Fund. The above figure protects us against a fairly considerable rise in exchange. If no part of it is required to meet depreciation in Investments, our Investment and Exchange Fluctuation A/C will only disappear from our balance sheet if exchange rises to say 4/8 for Sterling and 98 for Gold Dollars.

"On the Assets side of our Balance Sheet our Investments in Gold securities are, as usual, set out in detail. A list of our silver investments in Debentures and Shares is on the table for the inspection of any shareholders desiring to see it.

"Severe competition and dull trade continue to render the transaction of Marine and Fire insurance business extremely difficult. Your Directors consider that in the circumstances our resources must be conserved as far as possible until the cycle of lean years is succeeded by more prosperous times when an increased distribution to Shareholders may be possible without impairing our financial position. They feel sure that their views will receive the support of Shareholders generally.

"Your directors wish to record their appreciation of the good work done during these anxious times by the General Manager and the Staff of the Association and as a tangible mark of their appreciation, I intend to put a Resolution before you proposing the payment to them of a bonus.

"Before proposing the adoption of the report and accounts I shall be glad to answer any questions which are asked, to the best of my ability."

THE RESOLUTIONS

The following resolutions were adopted:

"(1) I now propose and Mr. Brodie A. Clarke seconds: That the report of the directors and statement of accounts for the 12 months ended 31st December 1921, as precented, be accepted and passed.

"(2) I now propose and Mr. A. W. Burkill seconds: That a dividend at the rate of 20 percent (equal to $2 per share) on the Paid up capital of the Association be declared payable in taels at exchange 73, on and after 17th May 1922 at the Chartered Bank of India, Australia and China or the Hongkong and Shanghai Banking Corporation, Shanghai to Shareholders of record on 6th May 1922.

"(3) I now propose and Mr. A. Howard seconds: That out of the funds standing to the credit of premium on shares account and investment and exchange fluctuation account a sterling reinsurance fund of £100,000 be created absorbing at exchange 3/5 per Tael and 73 per Mexican Dollar—$801,871.03 and that the balance be left to the credit of investment and exchange fluctuation account.

"(4) It is proposed by Mr. D. M. Gubbay and seconded by Mr. B. A. Somekh: That Messrs. A. W. Burkill and H. E. Arnhold be re-elected directors.

"(5) It is proposed by Mr. L. Midwood and seconded by Mr. Alex Samson: That Messrs. G. H. and N. Thomson be re-elected auditors to serve until the next Ordinary General Meeting of shareholders and that their remuneration be Taels 1,000 per annum.

"(6) I now propose and Mr. Brodie A. Clarke seconds: That the Board are hereby directed and authorised to pay to the General Manager and Staff of the Association a Bonus on their salaries for last year not exceeding 20 percent thereof either wholly or partly in cash or to the Provident Fund at the discretion of the Board.

"(7) I now come to the Resolution, which has appeared in the newspapers for several days, authorising the directors to issue 650 shares of the association, as they may determine, thus bringing the paid up capital of the Association to a round figure of $1,500,000. I have already explained how these shares are available and our object in issuing them. I now propose and Mr. R. W. Robertson seconds: That the directors be and they are hereby authorised to issue out of the balance unissued of 36,000 shares (the issue whereof for the purpose of allotting the same to shareholders in the Far Eastern Insurance Company, Limited, was authorised by resolution passed at the Ordinary General Meeting of Shareholders of the Association held on the 19th May 1921) 650 fully paid snares of the nominal value of $10 each and as the directors shall determine so as to make the paid up capital of the Association amount to the sum of $1,500,000.

"That is all the business before the Meeting, Gentlemen. Thank you for your attendance. Dividend Warrants will be posted tonight."

NOTICE

We have now pleasure and beg respectfully to advice to our Patrons that owing to the present high cost and more difficult of the packings in our business on Tea and Silk Packers for supplying to our Patrons' requirements; we have done the same action on our previous prices without any increasing according to our circular dated July 1, 1918.

During the coming few years, we quite understand that the Tea and Silk markets are likely to have an unsaleable condition and feeling like a lifeless indeed, but however, in this circumstances that the expenses on our Tea and Silk Packers had been increased from ourselves since the last few years, for which we dared not apply to have the packing prices on our business to put up from our Patrons more frequently, but we did the supplement without any advantage to ourselves. At the present stage, we beg to say that owing to the present high cost of living, the prices on everything has been raised upwards and owing to the shortage supply to our requirements, we cannot be impossible to have the following prices on our business slightly increased from our Patrons during the coming Season, as our business has been occurred nothing profitably and quite dull indeed since the European War distinguished. We shall be much obliged if you will meet our requirements so that we hope you will give us a little chance to help ourselves in a satisfactory manner and we shall supply you as promptly as possible to your instructions in our best attention.

With regard to our obtainable requirements in last Autumn the prices on our materials, such as, Rattan, Hemp-rope, wrapping-paper, wood oil, and mats, etc., have been raised up towards doubled and doubled the cost, say at least above 60 percent to 70 percent higher than the previous costs.

We shall esteem it a favour if you will kindly allow us to have the following prices on various packings to be increased and are coming in force from 1st June, 1922:—

For the Single-packing of every ½-chest Green and Black Teas to be increased 7 candareens, extra will be charged.

For the Double-packing of every ½-chest Green and Black Teas to be increased 9 candareens, extra will be charged.

For the Single-packing of every box Green and Black teas to be increased 5 candareens, extra will be charged.

For the Double-packing of every bag Green and Black Teas generally for Russia, to be increased 1 mace 5 candareens per bag, extra will be charged.

For the Double-packing of every bale of Silk, to be increased 1 mace 2 candareens per bale, extra will be charged.

For the Single-packing of every bale of Silk, to be increased 9 candareens per bale, extra will be charged.

For Sundry-goods, the charges will be proportionately increased, as Samples and Sizes of which are unknown

Hoping the above prices will meet your perusal attention and feeling exceedingly grateful to those Gentlemen of our Patrons for this favour.

Spot and forward bar silver were each up ½d. in London yesterday.

The New York price advanced to 72⅛ cents, and the London-New York cross rate to 445.

The only change of importance in our official quotations here today was a rise in the Gold Dollar rate to 78.

Our market opened firm this morning, some business in Sterling being done at 3-7⅜ for June and July deliveries, and in Gold Dollars at 80½ for June and 80¼ for July.

Shortly after the opening rates eased off, there being good buyers at one time at 3-7¼ for July Sterling and 80¼ for July Gold Dollars.

In the afternoon, however, the market again firmed up, and in fact became strong, closing with sellers of Sterling at 3s. 7½d. for practically and delivery to September, and of Gold Dollars at 81 for May-June and 80¾ forward.

India and China bought silver in London yesterday, and the market there, as well as in New York, is reported as firm.

A Survey Of Religious, Political And Economic Conditions In China—IV.

SZECHUEN

BY THE REV. J. M. YARD

(Institutional Church, Chengtu, Szechuen)

POLITICAL: For about two years Szechuen was under the domination of troops from Yunnan and Kweichow. At last these outside province men were driven out in the fall of 1920. For about a year after that the province was in chaos politically; no one was recognised as the head of the government; bandits roamed everywhere and government, education and business were at a standstill.

But during 1921 there were several conferences of military leaders or their representatives held in Chungking. At last all agreed that General Liu Shiang should be made the Military Governor. From that time the generals have been loyal to that agreement and Governor Liu has had more or less of a free hand and conditions have been much improved. The province has waited for him to proceed to Chengtu, the capital, to take over the government but he has himself decided to remain in Chungking, and until general conditions in China improve, Chungking will probably be considered the capital.

At any rate, General Liu has no intention to move from Chungking and has set up there all the operations of government. His reason is this—Chungking is the great port of the province through which all goods must pass, either coming in or going out. It also controls the salt wells at Tseliutsing. The chief revenues of the province are collected in these two places. If the governor is in Chengtu with his troops, it is very difficult under present conditions in China to control the revenues at Chungking or Tseliutsing, and in the event of another general trying to get control the governor may find himself embarrassed by the loss of these two important centers. If, on the other hand, he remains in Chungking, the loss of the revenues in Chengtu is unimportant.

So far as anyone can see, there is no relation at present with either the Peking or Canton governments and Szechuen is quite independent, but the sympathy of the leaders seems to be very largely with the Canton government. The newspapers in Chengtu are certainly all very much in favor of the government which has been set up at Canton and with Wu Pei-fu in control of the northern government as he may be, there is little likelihood that Szechuen will turn toward the North, for they remember the chastisement they received at his hands for Ichang last fall. Many of the Szechuen leaders are very strongly opposed to General Wu.

Economic: As is well known, Szechuen is rich in raw material, the very stuff of modern progress and economical stability, but these great resources of iron, coal and copper, are almost entirely undeveloped and from the modern standpoint, Szechuen is very backward industrially. This is in large part due to the lack of communications. Szechuen is so far from the coast and from contact with any other of the provinces or of any foreign nations that she has been very slow to develop and when one remembers that modern industry requires heavy machinery, it is easy to understand that without communications it has not been possible to import much machinery.

To one, therefore, who considers the economic situation, it is evident that one of the greatest needs of this province is roads of all sorts. Steamships to Chungking now remedy that condition for about six months of the year, but up until the present time freight rates have been so very prohibitive that no great progress has been made. Just now a party of foreign surveyors is mapping out a road from Chungking to Chengtu. If this road can be built soon, it will very greatly help in the matter of industrial development and will stimulate trade all along that great road. The survey has been completed for the narrow gauge railroad from Luchow to Tseliutsing and it is expected that railroad will be built this year.

Trade is also greatly hindered by the vast hordes of bandits who have roamed almost at will. For several years, merchandise almost ceased to move over the roads of Szechuen. Internal trade continued after a fashion but goods from foreign countries or outside provinces did not filter through and therefore business that depended upon export or import was almost at a standstill. In Chungking there is at present a great spirit of progress and many modern developments are in process. This is a city of about 750,000 and the merchants there are very aggressive. It is purely a commercial metropolis but when I passed through there a month ago the merchants told me that business was very dull. That is no doubt due to the series of years when nothing has been able to move. If present conditions in Szechuen continue with a stable government, business in Chungking should improve very rapidly.

Governor Liu has appointed General Yang Dz-wei commander of the city of Chungkiang and the district round about, and he has made many improvements. Chungking is built on the sides and top of a great, rocky promontory. He has introduced a pumping system which brings water to the top of the hill and has rendered a great service to the people in getting plenty of water at a very cheap price. He has also widened many of the streets. The company of engineers now in West China under his direction have also planned for a bridge across the small river which will join Chungking to Kiangbeh. This will greatly lessen the congestion within the walls of Chungking city. There is no room for expansion on the Chungking side but there is plenty of room on the Kiangbeh side of the river. General Yang has also a scheme for bunding the river on the Kiangbeh side. When I was there I saw 2,000 men at work on this new bund.

As a mentioned above, one of the great hindrances to trade has been the high freight rates charged by the steamers on the Upper Yangtsze between Ichang and Chungking. This year there will be 24 steamers on that run and freight rates ought to go down accordingly. Similar steamers will doubtless be put on the run above Chungking to Suifu, which will tend to stimulate trade in that region. Another hopeful thing for business in Chungking, and therefore in Szechuen, is the establishment of the American Oriental Bank of Szechuen. This bank was opened in April and is at present the only foreign bank west of Hankow.

Education: For the past several years there has been a very great interest in education in Szechuen but so long as there was no one recognised as governor and therefore no responsible government, the schools found it very difficult to obtain funds and many teachers had to work for almost nothing and the schools were often closed for months at a time. At the present time under the patronage of General Yang, especially the normal schools of the province have gone forward at a suprising rate. At the present time there are good normal schools for both men and women in Chengtu, Chungking and Luchow. These schools are all doing excellent work. Mr. Yang Pei-chin recently returned from America where he went on an educational mission and he is doing a very excellent piece of work as head of the normal school for the men in Chengtu. The West China Union University, the only school of college grade in the entire province, which has a population of 70,000,000, has made marked advance in the past two years. They have completed five large buildings on the University site and their new high school building has just been dedicated. The enrollment is over 150 in the college department and 300 in the high school. At the present time the medical school is the most popular and last fall had by far the largest entering class. The Educational Commission, whose report has just been published, has spoken strongly in favor of the continuance of the medical school in Chungking.

Religion: So far as the Three Religions are concerned, the conditions are not much different from those in other provinces. Soldiers occupy the temples and worship is largely neglected. There is, however, a certain revival of Buddhism. Last year a course of lectures was given at the higher normal college, explaining Buddhism to modern students. Of course the student class, as elsewhere, is critical of all religion. At the same time, their minds are open to a fair and honest presentation of Christianity. During this present year a large evangelistic campaign was conducted in Chungking. The meetings were held in the Chamber of Commerce and were largely attended. One of the Christian students said, "I never dreamed that Christianity would be proclaimed in the Chamber of Commerce."

General Yang Dz-wei made the opening address at the beginning of the campaign. All the government schools were open for speakers from the Central Evangelistic Committee. Last year men from Peking University were in Chungking and Luchow speaking on the New Thought movement and the influence of that movement is felt in all the large centers of the province.

While there is this anti-religious movement, there is at the same time a widespread interest in anything that promises help. If religion is presented it must be from the intellectual standpoint and utterly free from all superstition and sentimentality. The Szechuenese want help for their government, help in education and an under-guerdon for society. They will listen to no dogmatism but they are on the surge for something that will save society. That condition of mind offers a real opportunity for the modern and enlightened presentation of religion.

But that it's a chance to be
Getting money and position?

Writers in the magazines
Tell us how a man succeeded
By supplying pork and beans
That a hungry army needed.

John Smith saw his chance to make
What turned out to be a killing
When he filled a useless lake,
Using useless dirt for filling.

Gary, Rockefeller, Schwab,
Each to his occasion rising,
Did a profitable job
That is thought worth advertising.

Always opportunity
Seems to have one meaning, which is
That it is a chance to be
The possessor of great riches.

We are never told that it
Is a door that leads to learning.
Or a seat in which to sit
Where no greedy flames are burning.

Opportunities, they say,
Are more plentiful than ever;
Yes, for piling cash away,
Not for being deep or clever.

It's as hard today to think
Fairly, fearlessly and greatly
As when, with his hemlock drink,
Socrates gave up sedately.

Money And Markets

Business activity has been transferred to a new field, says the bulletin of April 19, issued by the National Bank of Commerice, New York. Important gains are shown in basic industries simultaneously with a disappointing spring retail trade in many parts of the country.

The steel industry of the United States, the movement of which has been accepted for many years as a business index, has recently shown marked expansion. The industry as a whole is now at 70 percent of capacity. Demand is well distributed throughout all classes of products, and is well sustained on the higher price levels which are being established. Important in this connection is the fact that a large proportion of the new orders reported is for railroad equipment. Pig iron production is at the highest figure since January, 1921. The monthly rate of steel ingot production approximates that of 1913. Unfilled orders of the United States Steel Corporation on March 31 were 4,494,000 tons.

Copper is moving steadily and stocks are being gradually reduced, while producers are cautiously increasing output. There is a good demand for lead and the price has advanced slightly. The rate of consumption of tin in the plate trade is reported to be as high as for any corresponding period except during the abnormal war years. It is expected that zinc smelting operations will be increased shortly, and some expansion of mine output will naturally follow.

The manufacture of automobiles and of tires and other automobile accessories is expanding rapidly, although this is undoubtedly seasonal to a considerable degree. Retail trade in goods not designed for personal and household consumption shows improvement. The hardware business is better not only in builders' hardware but in the many classes of miscellaneous purchases by farmers. Agricultural implement sales have increased and there is a definite expansion in the fertiliser business, activity in both lines being in excess of even the expected seasonal demand.

The return to normal conditions is not an orderly process, and activity may shift unexpectedly from one point to another. The set-back in retail trade is the direct consequence of two factors. Buying by farmers, long at a low level because of unprofitable prices for farm products, has not shown much improvement, as farmers have very little money, and their buying power cannot expand materially before autumn even if the current year's crops are good. They are wisely using their credit to buy fertiliser, tools and other necessaries of their business. Buying by workers in cities has declined heavily—the cumulative effect of prolonged unemployment. It now seems likely that retail trade will continue at not far from its present levels or better until the normal mid-summer dulness occurs. If gains in basic industries prove permanent the autumn offers promise of expanding retail operations on a stable basis.

The progress of the nation toward normal business has not stopped; operations have merely shifted to a new field.

THE COAL STRIKE

In the midst of mutual recriminations between operators and miners it is essential at this time that the American public should clearly understand the issues at stake in the contest now being waged in the coal fields.

From the standpoint of mine owners and miners alike the situation in the bituminous industry is disastrous. The operators are engaged in a continual struggle to earn on the large investments tied up in coal lands. The miners are engaged in an equally continuous effort to secure a wage which will enable them to earn in 215 days enough to maintain themselves and their families through 365 days. Their proposal of a five-day week and six-hour day, that is, a thirty-hour working week on the present or possibly a higher wage scale, is a definite effort to compel the consumer to maintain 175,000 idle men each year. In the last thirty years, the bituminous mines have actually been worked an average of only 215 days per year, a loss of approximately 30 percent of potential working time. In 1921 the industry as a whole probably did not work over 165 to 170 days. The real cause of loss of time in normal years is the development of too many bituminous mines. Rich bituminous coal deposits are widely distributed throughout the United States, nearly one-sixth of the surface of the country being underlain either with soft coal or lignite. Under these circumstances it is a simple matter, requiring relatively small capital, to open a new mine and every increase in the price of coal, if maintained over any considerable period, has resulted in many new mines being opened. It has been estimated by officials of the United States Geological Survey that with the industry at capacity, production would approximate 750,000,000 short tons. The most that the country has burned and exported combined is 550,000,000 tons. There is thus an unnecessary mine capacity of at least 200,000,000 tons and a surplus of 175,000 bituminous miners.

It is to me clearly understood that this condition of overdevelopment and idle miners is not the responsibility of the individual bituminous operators. They would gladly meet this condition by agreements for the limitation of output, but they are rigidly forbidden to make combinations of this sort because of the anti-trust laws, and it is obvious that they cannot control the economic forces which surround them.

American industry and American domestic consumers cannot afford to maintain an investment in coal mining far above the country's needs. The 175,000 excess miners have no right to demand that the other workers of the country shall maintain them in idleness. This is the essential of the thirty-hour week proposition. It is not the mysterious entity known as capital which must pay the price of this standing army of idle men, but other classes of labor.

Essaying Alice In Wonderland

BY GARRETT P. SERVISS

(Noted Astronomer and Writer on Subjects of Scientific Interest.)

The following letter, like good wine, "needs no bush":

"Was interested in your article about the doctor in Pennsylvania who saw everything in Lilliputian size. It reminded me of an experience I had last Summer. I live with my husband in a secluded place on Long Island.

One day, while standing at a sideboard reading a letter, I suddenly felt myself dwindling. I am five feet five inches and weigh 180 pounds, yet in this shrinking state I felt as though I were growing shorter and shorter and narrower, until I seemed to be just half as tall and half as wide.

"I looked in the mirror and saw I was the same size as usual, and yet I felt like a string bean. I had a consciousness that I was evaporating, and so ran out to the farm where my husband was working and started to cry, and told him I am gradually fading away, for I still felt myself dwindling in all directions.

"I wondered whether I would fade out of sight. Just so I felt. My husband said you're getting crazy, and laughed at me. But it was a horrible feeling and lasted about fifteen minutes. No aches or pains nor dizziness. Now what was that? M. E. F."

It was nothing to worry over. We are all subject at times to illusions which we are puzzled to account for. A psychologist would probably give you a name for the disorder that temporarily affected you, but technical terms only classify and do not explain. It was a mental mood playing its fantasy upon the nerve chords. Had you been dwelling in your mind upon the subject of bodily size and form? The sense of shrinking may have been the effect of self-hypnosis. The fact in the mirror you seemed unchanged shows that there was no distortion of vision. It was a subjective phenomenon, a sort of resurgence from the mental center into the nerves of sensation.

As you have stated it, your case differs from that of Dr. Santee in that the apparent shrinkage affected yourself only. He saw everything around him, including the earth and the sky diminished in about the same proportion, while, as I understand you, your sense of vision was not directly affected, but you had an internal feeling of "evaporating" and "fading away," which was contradicted by the evidence of your eyes when you looked at your image in the mirror. Your case seems possibly allied to some of the phenomena of day-dreaming and of somnambulism.

Even in the case of Dr. Santee the inducing influence was self-originated, though there was no conscious attempt to create an illusion. He had been concentrating his thoughts upon the contrast between his personal littleness and the immensity of the landscape stretched before his eyes when the disordered state of perception came upon him, as if he had suddenly turned a spy glass end for end and begun to look at things the wrong way through.

But you were more like "Alice in Wonderland" since it was yourself rather than the things around you that varied in size. There was some temporary dissociation in the brain which eliminated the action of the judgment upon the mental suggestion that you were shrinking.

You were virtually in a dream, with the reins of control relaxed. It was an interesting example of what the imagination can sometimes do in governing the action of the bodily functions, for your nerves of internal sensation were completely deceived, and in giving you so vivid an impression of bodily shrinking they were acting in an abnormal way to produce an entirely novel effect upon your consciousness. No better lesson is needed concerning the field of mental action in physiology.

If half the strange experiences that come, at times, to persons usually in a perfectly normal state were studied instead of being forgotten as soon as possible, the science of mind would be more advanced.

Shantung Railway Fund Collectors Getting Busy

(Chung Mei Service)

Peking, May 12.—Following the announcement made by the Ministry of Foreign Affairs calling attention to the need for a constructive plan for the collection of the money needed for the redemption of the Shantung railway there has been a revival of the activity for the collection of funds. It is proposed to hold a general meeting for this purpose within a few weeks so that the matter may be settled as speedily as possible. It has been suggested that Dr. C. T. Wang who is now the director of the Shantung Reorganisation Commission and who has full charge of all matters pertaining to the railroad shall make a report with full recommendations as to future procedure.

The apparent lack of any accomplishment concerning the raising of these funds needed for the railroad redemption has been considered by many foreigners as evidence against China's ability to take over the road or to raise any money honestly and for patriotic purposes.

In banking circles it is pointed out that thus far, China has totally failed to take one single constructive step toward the raising of the money required and that aside from a few charity bazaars and small sums raised spasmodically and independently, and aside from a great number of rather general telegrams received from politicians alleging their anxiety to aid in the endeavor, nothing has been done. Not a single program has been put forward whereby a patriotic citizen desiring to contribute toward the redemption fund would know what he was getting for his money or to what use it would be put.

It is essential that a definite refunding plan be adopted whereby bonds may be issued against the security of the railroad and the money paid in guaranteed. It is necessary to appoint directors and trustees for this undertaking. Many feel that the time to have made the drive was directly after the Washington Conference and that although it is confidently claimed that the thirty million required is a mere nothing compared to what the Chinese people are able to contribute if needed, the enthusiasm for the Shantung redemption has unquestionably been allowed to cool, especially among the people of the provinces themselves, according to reports from foreign correspondents there.

From the United States have come queries as to just what China is going to do about the railroad in Shantung. After having been assured by the Chinese legation that China was quite prepared to make payment in full and to take over the railroad, and, having brought pressure to bear upon Japan for a hasty evacuation, the lack of any definite statement from China as to her plans for the refunding of the road is beginning to cause grave apprehension. This is especially so since up to the present the press has placed the full responsibility for any delays or hitches in the program upon the Japanese Government.

Impartial observers in Shantung say that China now must act quickly and with a definite aim if the advantages she has won are to be maintained. This has been reiterated variously in speeches made upon the subject by the Chinese members concerned with the redemption. Now that the political situation has at least cleared to the point where the danger of further hostilities is past, it is said in industrial as well as banking circles that the Shantung refunding proposal must come rapidly to a show down.

Trotsky Makes Soviet Army Take Oath Of Allegiance

(Rosta News Agency)

Moscow, May 2.—Moscow was en fete from early morning yesterday. About 10 o'clock the troops arrived at the Kremlin square with bands and banners, and at 11 o'clock a squadron of twenty aeroplanes made its appearance overhead. On the platform of the old Kremlin wall were seated the members of the All-Russian Central Executive Committee, representatives of Federal Soviet Republics, members of the American Relief Administration and Dr. Nansen's organisation, and diplomats of foreign missions.

Trotsky, Chairman of the Revolutionary Military Council, together with Murclov and Kemenev as well as representatives of the Communist International and the International of Trade Union, inspected the troops. Then, having taken his place on the tribune, Trotsky said:

"Today the festival of the Soviet Army coincides with the great day of the laboring class. On May 1, we, the Soviet Army, for the first time take a solemn oath to the laboring class, before the Soviet Republics and the whole world. Since our army was born we have had no time for solemn swearing; our oath was taken in the blood of workmen and peasants of Russia at numerous fronts."

Turning to the Genoa conference, Trotsky declared: "The workmen and peasant Russia have been invited to Genoa for a conference, which proves to be a bargain: we are allowed to pay old Tsarist debts—to pay for the blood of Russian workmen and peasants who perished in the imperialistic war. We are required to give a ransom for the Revolution. Two ransoms are demanded: one for the Tsar and one for the Revolution. We may have hope of being recognised, if we give our country to the slavery of international capital, but we now firmly refuse.

"Longing for peace, we proposed at Genoa a general disarmament, but the Allies rejected it, thus proving how impossible it is for us to disarm. On the day of May 1 the Moscow garrison comes to this square to declare before the whole world that the soldiers of the workmen and peasant Russia regards Genoa without confidence."

Trotsky concluded his speech by saying:

"In the face of Soviet Russia, we make a solemn promise and take our Red Oath to stay as we have stood as the armed hand of the laboring class and to be faithful to it to the last drop of blood." Then, addressing himself to the soldiers he said: "I call you to the solemn oath."

Music broke out, the drums began to beat. In a clear and distinct voice Trotsky pronounced the wording of the oath and the soldiers repeated it. At the last words a salute of cannons was fired, the band played the "International," the aeroplanes distributed leaflets. Trotsky proclaimed, "Long live the workmen and peasant army. Long live May First." A tremendous "huzzah" was the reply. Trotsky then left the tribune and the soldiers started their march, followed by the organisations of trade unions.

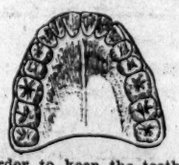
KINGMAN & BROS.
How to Preserve the Teeth



In order to keep the teeth in a good condition scientific precaution must be taken. Through negligence, decay and numerous other affections such as tooth-ache, dental periostitis, esteo-periostitis, necrosis of the jaw, etc., may arise. During the process of ingestion, there are settled on the teeth some deposits of mineral and organic matters, called tartar, which possesses a morbid power of pressing the gum. As an inevitable result of the presence of this tartar, the teeth will become elongated and movable and will, by degrees, absorb away the enamel, leading ultimately to the decay and degeneration of the teeth. The tartar is so hard and resistant to the process of brushing that it cannot be scraped off except with dental instruments specially devised for that purpose.

Dr. KINGMAN offers to the public his service for preserving their teeth at an annual subscription Fee of $10.00 per head to be paid in advance.

The work to be done by Dr. KINGMAN to the subscribers consist in:—

(1) Cleaning of the teeth quarterly.
(2) Filling with gold platinum alloy only, when the teeth present holes.
(3) Inspecting the teeth at any time at the desire of the subscribers.

"EVERY WOMAN"

Everywoman is a story of Everywoman's quest for Love.

WEALTH and FLATTERY
DISSIPATION and VANITY
STAND in HER WAY

BUT HER QUEST
is
FINALLY SUCCESSFUL

IT IS A WOMAN PICTURE

When you look in the mirror do you see a faithful reflection of yourself or the distorted image that Flattery makes you see? Does Ambition overshadow Modesty and Truth in your case? Might Dissipation dispel your Beauty? "Everywoman," because it takes up all these questions, is a picture that you must see. It's a story of every woman's quest for Love. Don't miss it.

A modern extravaganza —a riot of beauty—a feast for the eyes and for the senses. "Everywoman" is the story of every woman—a picture that every woman and every man will enjoy seeing. Don't be on the outside looking in—be on the inside and you'll know more and feel better. Violet Heming heads an all-star cast in this picture of pictures.

See the bazaar where Everywoman auctions a kiss to the highest bidder, see the undreamed of banquet given by Wealth to Everywoman, see Everywoman's success on the stage, finally see her success on the stage of Life. See "Everywoman," the picture of all time.

FINANCE CHIEF FREED, MAY GET POST IN CABINET

Release Gives Hopes To Supporters Of Rail Head

(Chung Mei Service)

Peking, May 12.—Chung Shih-ming, acting Minister of Finance under the former regime has been released from custody and has today resumed his duties as Minister of Finance and Chief of the Salt Administration. His recovery has been as sensational as his arrest and he is now one of the leading candidates for substantive Minister of Finance in the new cabinet. The other possibility most prominently mentioned for this portfolio is Wang Shig-yuan, a prominent Chihli supporter. The mandate accepting the resignation of premier Chow Tze-chi and the remaining members of his cabinet has not yet been issued. Although these resignations were tendered yesterday, they have not yet been acknowledged, pending the settlement of the differences, now fairly well known, between the President, Tsao Kun, and the Premier elect, Mr. Wang Shih-chen. The latest information received from high official circles states that the Mandate appointing Wang to the premiership and announcing his new cabinet, which was already prepared several days ago will be issued tomorrow.

The portfolio of Communications is also a matter of some doubt. Thus far Mr. Kao Liang-wei appears to be the only individual available and it is hoped that he will agree to accept the post, at least for the time being when the untangling of the Ministry's affairs is urgently needed. It is for this reason that Mr. Kau has shown a disinclination to accept, as the post is bound up in a rather complicated political situation and it is uncertain what role the new minister will be forced to play.

The release of Chung from imprisonment and his almost miraculous rise to grace has given the supporters of Mr. C. S. Lin hope that the latter's release is also not far distant and that there will be some prospect of his retaining his position in the Ministry. This is strengthened by the knowledge that the Post of Minister of Communications, in view of the problems now at hand, is not a welcome one and that there has been some difficulty in securing an official willing to undertake the burden, thereby making it apparent that whoever does undertake the position will insist upon having the best assistance available.

The lingering of the war clouds as indicated by the reports from Lwangchow, where Chang Tso-lin seems inclined to offer more fight also appears to be having a sobering effect upon the would-be cabinet members. The political situation is far from being cleared up and many prefer to remain quietly waiting to see what the final outcome will be.
